

WAKE UP BECAUSE IT IS HAPPENING AGAIN

SOME RECENT EXAMPLES OF JEW HATRED FROM AROUND THE WORLD

The Demonisation of the Jewish People and now the de-legitimising of the Jewish State

***Anti-Jewish and anti-Israel propagandists are using the methods of lies and brain-washing which the Nazis used in the 1930s.**

*The West is importing these lies as facts, under the guise of Anti-Zionism. These lies are widely used by extremists of both the left and right wings (strange bedfellows) and are frequently churned out by the media.

*Anti-semitic incidents are on the increase world-wide, often led by Fundamentalist Moslem movements in Western countries. Desecrations of Jewish cemeteries are now commonplace, while verbal, stoning, stabbing, and beating attacks against Jews are happening on a daily basis.

*Arab TV channels, available world-wide by satellite, show virulently anti-Jewish programmes. The same channels broadcast ghastly lies shown as fact. Examples: Israel is exporting the disease of Aids to Arab countries, Jews use the blood of Christian children to make matzoh and the Israel Defence Force steals Palestinian children's eyes to use for transplants.

*Horrible cartoons depicting Jews are daily fare in many of the Arab newspapers, which are freely available in the West. The European and British press use anti-Jewish stereotypes in cartoons, thinly disguised as being anti-Israeli.

*Muslim Children as young as three appear on Arab TV calling Jews 'apes and pigs'

*Jews are accused of being responsible for the 9/11 attacks in the USA, and of being behind the war in Iraq etc, even more ridiculously, some Arab journalists and Imams suggested that Israel was partly to blame for the Asian Tsunami of 26-12-04.

*In England, some universities and even the Mayor of London have officially welcomed known inciters of violence against Jews

*Palestinian and Arab children are being taught racial hatred and adulation of suicide murderers from their earliest years

*In Europe anti-semitic books are available at book fairs, chants of "Death to Jews" have been heard at rallies attended by official organisations, such as trade unions and Human Rights groups. Children's books accuse Israeli soldiers of theft, rape, and murder.

*The attempted boycott of Israeli goods harks directly back to the Nazis "kauft nicht bei Jude" (don't buy from Jews).

-----0-----

***Throughout the world anti-Jewish incidents are increasing annually at a horrifying rate.**

-----0-----

IF THE HOLOCAUST HAS ANY LESSON, IT IS PRECISELY THAT NO ONE SHOULD STAND BY WHILE JEW HATRED AND OTHER FORMS OF BIGOTRY TAKE ROOT.

CAN YOU IDENTIFY THE UNDERDOG??

It is a fairly simple sum to work out who is really at a disadvantage in the Middle East and the world

IN THE MIDDLE EAST		
Countries	Jewish 1	Arab Countries and Iran 22
Population in millions	Jewish 6	Arab Countries and Iran 421
Military Budget	Israel \$9billion	Arab Countries and Iran \$59 billion
Armed Forces	Israel 163,500	Arab Countries and Iran 3 million
Square Miles	Israel 8,290	Arab Countries and Iran 5,414,000
IN THE WORLD		
Countries	Jewish 1	Muslim 57 (in 2005)
Population in millions	12 (0.2% of world population)	1.3billion (20% of world population)

-----0-----
 Israel's disproportionately high military budget is a direct result of over 57 years of hostility by her neighbours. Iran is one example, being openly dedicated to the destruction of the Jewish State.

-----0-----
 The oil-rich Arab states spend billions of dollars on anti-Israel propaganda.

Arab States, instead of helping the Palestinian Arabs, have kept their Muslim brethren-as a weapon to to use against the Jewish state and to keep the world's eyes away from their own incompetences, repressions, human rights abuses, racial and religious intolerances.

The Palestinian Arabs are perceived by the world as the underdog but in reality it is the tiny Jewish State of Israel.

Women's Rights & HUMAN WRONGS

***The Islamic Republics of Iran, Nigeria and Sudan are members of the CSW, United Nations Commission on the Status of Women.

Iran and Nigeria sentence young girls and women to execution by public stoning or hanging for "**ACTS INCOMPATIBLE WITH CHASTITY**"

*In Iran in 2004 a 13 year old schoolgirl sentenced to be stoned to death, was lashed 55 times whilst in prison.

Homosexuals are put to death and honour killings are permitted.

34% of women are illiterate and all married women require their husbands' permission to travel.

*In Sudan 89% of women have undergone **FEMALE GENITAL MUTILATION**. The percentage rises to 97% in Egypt.

Source : World Health Organisation

*In Sudan there has been a revival of black chattel **SLAVERY**. Women and children are abducted as slaves by government-armed Arab militia forces. Over 100,000 remain in bondage.

SUDAN and EGYPT are members of the UNITED COMMISSION ON HUMAN RIGHTS

*****NIGERIA AND SAUDI ARABIA are members of the UNITED NATIONS ECONOMIC AND SOCIAL COUNCIL**

which amongst other things is supposed to encourage universal respect for human rights and fundamental freedoms.

***SAUDI ARABIA** prevents women from driving, studying law or engineering, directly selling or buying property, (even when accused of murder) and showing their faces in public.

*In **NIGERIA** executions are carried out under the Penal Code, the Criminal Code and Sharia Penal Law. source: Amnesty International

*** **SYRIA was PRESIDENT of the UNITED NATIONS SECURITY COUNCIL during 2003**

Amnesty International has accused the **SYRIAN** authorities of **TORTURING** children.

SYRIA has been in occupation of Lebanon for over thirty years, has decimated and tortured the Lebanese Christian population and allows the terrorist group **HIZBOLLAH** free reign to attack Israeli civilians and towns within Israel, as well as providing safe havens for **HAMAS** training facilities for suicide murderers.

**What has happened to the United Nations ?
Where is the Media and world outrage at these terrible and barbaric acts?**

Is the world so busy condemning Israel that it cannot see where the real injustice is going on

THE **UN**ITED NATIONS – IS IT
UNTRUTHFUL, **UN**SCRUPULOUS, **UN**PRINCIPLED, **UN**BALANCED, **UN**ETHICAL,
UNDERHAND, **UN**PARDONABLE and **UN**FIT

Is the UN

**UN ashamedly blinkered?
UN ashamedly biased?
UN ashamedly Corrupt?**

191 countries make up the UNITED NATIONS, 2/3rds from the developing world. Nearly 60 countries are Arab/Muslim and form the largest voting bloc. The UN's most powerful organ is the Security Council, whose resolutions are *binding*.

The General Assembly's resolutions are advisory and are *not binding*.

*Of 175 UN Security Council resolutions on the Middle East, 97 have been against Israel, and only 4 against any of the 21 Arab states. The UN General Assembly has passed 322 resolutions condemning Israel, none against any Arab country.

*26% of the resolutions of UN Commission of Human Rights (of which Sudan is a member) have been passed against Israel. Only one weakly worded decision against Sudan and no resolutions have been passed against any Arab state.

*Israel is the only member of the UN that is not permitted membership of the Security Council. It is also the only country excluded from the UN's regional group system and therefore the only country of 191 member states that is not eligible to serve on UN commissions.

*Out of the millions of refugees world wide, the Palestinians are the only people to have their own UN agency UNWRA, and their own UN Day of Solidarity whereas, Israel is the only state to which a special investigator with an open ended mandate to inspect it's human rights record is assigned by the UN.

*Israel's Security Barrier - which has saved hundreds of lives and stopped 80% of murderous suicide attacks against the population of Israel, but has been overwhelmingly condemned by the United Nations, and yet the UN failed to condemn and remained silent during the suicide bombing campaigns unleashed by the Palestinian Authority on Israeli civilians.

*The UN Anti-Racism Conference in Durban in 2001 became a front for a virulent anti-Jewish, anti-Israel forum. Jews and Israelis became the targets of hate-filled and politically motivated racial attacks.

Employees of the UN Secretariat are required by the UN Charter to have "the highest standards of efficiency, competence, and integrity", and yet the \$33 billion oil for food programme run by the UN with Iraq was tainted with corruption from top to bottom, according to the 200 page Volcker report. .. Daily Mail 31-1-05

What IS **OCCUPATION?**

THE LEGAL DEFINITION OF OCCUPATION-

When a Sovereign State invades and occupies another Sovereign State

---0---

China has occupied and oppressed Tibet for the past 54 years despite the protests of the Tibetan people. There have been only 3 UN resolutions on Tibet, NONE OF WHICH calls for China to withdraw.

That **IS** occupation, and persecution, abetted by the UN.

---0---

In 1967, in a war of self-defence, Israel, took control over Judea, Samaria (illegally annexed and called the West Bank by Jordan), and the eastern part of Jerusalem, from which, in 1948, the Jews had been driven out by Jordan's Arab Legion, and Gaza previously controlled by Egypt

These territories, never having been part of a Sovereign State since the time of Jewish statehood of 2000 years ago, are thus disputed, NOT illegally occupied.

Israel has attempted to negotiate a peaceful settlement of this dispute since 1967.

---0---

UN resolutions 242 and 338 call on Israel to withdraw only from territories occupied in the course of the Six Day War - that is, not from 'all' the territories or even from 'the' territories, but to a secure and recognised border. These resolutions make no mention of either a Palestinian people or a Palestinian state. Thus, by withdrawing to Jordan's and Egypt's internationally recognised borders, Israel has actually fulfilled the requirements of these resolutions.

---0---

There is absolutely no **LEGAL** reason why Jews should not be allowed to live freely in these areas.

In fact requiring them to leave is **ETHNIC CLEANSING**.

---0---

The failed Oslo Accords of 1993 put no restrictions on either Jewish or Arab residence or construction in the disputed areas.

---0---

Israel is not in contravention of any international laws, including the Geneva Convention.

YET, 97 SECURITY COUNCIL RESOLUTIONS HAVE BEEN PASSED AGAINST ISRAEL. WHY?

The BIG LIE

Arab Human Development Reports say Arab societies are being crippled by a lack of political freedom, the repression of women and cultural isolation from the rest of the world.

Arab/Islamic governments are using anti-Western/Jewish diatribes, propaganda and lies to deflect attention from their own failures.

Using 'turn-speak' they accuse the victims of the very acts they themselves commit, ensuring that their lies and distortions create a false illusion of truth and become perceived as fact.

What better cause to unite a disaffected population than by creating an easily identifiable target,

ISRAEL AND THE JEWS.

THESE PROPAGANDA PLOYS HAVE.....

- *Used Mosques and religion as a conduit for propaganda and incitement to violence, not only against Jews, but also non-Muslims and the West in general.
- *Funded chairs and organisations at Universities and educational institutes, where anti-Israel doctrines can be spread and which will disturbingly provide the educators of the future.
- *Manipulated the media while using persuasion and intimidation, also encouraging the production of racially incitive fictional TV programmes, shown as the truth, at prime viewing times.
- *Used NGOs, Unions and official bodies to spread their campaigns against Israel.
- *Attempted to re-write history, by denying Jewish rights and history in the 'Holy Land', and by destroying Jewish holy sites and artifacts.
- *De-legitimised the right of the State of Israel to exist, when in fact it is the only nation in the world whose right to exist has been endorsed by both The League of Nations and the United Nations.
- *Aided and abetted the funding of terrorism.

Detailed research reveals that the Arab/Islamist propaganda machine have spent \$100 billion over the last two decades propagating these lies.

This money could have been used to promote peace and improve the lives of millions.
WHY SPEND IT INCITING HATRED AND WAR?? WHERE ARE VOICES RAISED IN PROTEST?

ETHNIC CLEANSING *the forcible removal of a people from an area for reasons of nationality or religion, also a “polite” euphemistic term for genocide or mass murder*

SOME INCIDENTS OF ETHNIC CLEANSING IN THE 20TH AND 21ST CENTURIES

*1929. British forcible removal of Jews from Hebron 'for their own safety' after Arabs massacre dozens of unarmed Jews.

*1938/45. Germany: The murder of more than six million Jews - including one-and-a-half million children.

*1947/48. Aden, Egypt, Lybia, Syria, and Iraq: More than 800,000 Jews dispossessed and forced to flee.

*1948. Arab armies attempt to destroy the reborn Jewish state. Jews driven out of their homes in the Old City of Jerusalem (East Jerusalem), Gaza, Samaria and Judea (the West Bank).

*1988. Iraq - more than 200,000 Kurds massacred, most by use of WMD, and countless thousands forcibly displaced. (UN took no action)

*1994. Rwanda - at least half-a-million Tutsis butchered. UN did nothing, allowing the representative of the genocidal government to continue sitting in the Security Council, a council committed to peace.

*2004 - more than 200,000 black Darfurians murdered, and more than one-and-a-half million displaced. (UN issues a report - but refuses to call the actions of the Sudanese government 'genocide')

*2005 Jews are to be forcibly removed from Gaza and northern Samaria, from farms built on barren land and with which areas they have historic connections, because the Arabs consider them a threat to peace.

---0---

*A group of people **VOLUNTARILY** leaving their land and homes, such as the Arabs of Mandated Palestine - after being urged to do so by their leadership - cannot be said to have been 'ethnically cleansed' since they were not forcibly evicted. **Indeed, there are many recorded occasions when the Jewish leadership pleaded with them not to run away. This population could have been easily absorbed by the 21 Arab states instead of being kept as a focus of the continuing battle to destroy the only Jewish state.***

The 20% of non Jewish Israeli Arabs live as equal citizens in Israel.

---0---

Some countries which have been virtually cleansed of their Jewish Communities:
Yemen, Iraq, Iran, Algeria, Syria, Lebanon, Egypt.

---0---

*Why are Jews not allowed to live amongst Arabs, without fearing for their lives?
Why is it that the Jews, who have suffered from more 'ethnic cleansing' than **ANY** other people in the history of the world, are still the only people slated for 'ethnic cleansing' - with world approval?*

SHOW US THE MONEY

All of the funds which foreign countries had donated to the Palestinian Authority, a total of \$5bn, "have gone down the drain, and we don't know to where."

Mohammad Dahlan. Former Palestinian Authority Interior Minister. As quoted in 'The Guardian' - August 2004

- Known EU contributions to the Palestinians over the past decade come to more than \$4 billion, plus \$10 billion from the USA and other sources, making it 'the highest per capita aid transfer in the history of foreign aid anywhere'. Significant portions of this money, intended to provide a new infrastructure, have not reached the intended recipients. *If this money has not gone to whom it was intended, then where has it gone?*
- Additionally, funding is made to various organizations and NGO's, many overtly political and hostile to Israel and some linked to the top echelons of the PA. UNWRA continues to fund school books exhorting children to jihad, and the Palestinian Red Crescent Society has been reprimanded by the Swiss Red Cross for using its resources for military purposes.
- The Palestinian Society for the Protection of Human Rights (LAW) has been accused of stealing \$4million in donations from various institutions world wide, and more than 7000 bogus names were on the PA payroll, being paid for by the EU.
- In 2003 the Forbes report estimated that Arafat had more that \$300 million stashed away. Suha Arafat, his wife, lives in Paris and has received monthly payments of \$100,000 from the Palestinian coffers, according to a senior official in Arafat's office. In 2004, French prosecutors launched a money-laundering probe into transfers of \$11.4 million into her accounts.
- An IMF report (2003) identified \$900million in assets diverted from Palestinian taxes and revenues to private accounts of the PA leadership. There are numerous instances of documented payments to individuals, including Palestinians officially employed as Police Officers, who have carried out murderous terrorist acts.
- Despite the evidence, the E.U. appears unable to see the link between funding and terrorism, although it does admit to Palestinian Authority misuse of funds.
- **WHY HAS THIS ABUSE OF FUNDING BEEN SO LONG IGNORED, WHEN PROPER CONTROLS WOULD HAVE IMPROVED PALESTINIAN ARAB LIVES BEYOND RECOGNITION. AND WHY HAVE TAX PAYERS BEEN FORCED TO FUND TERRORISM, CORRUPTION AND BLATANT THIEVERY?**

ZIONISM is not a dirty word

"Only once in human history did God take a country as an inheritance and give it to His chosen people," Cardinal Schoenborn, of Vienna.

"The hope of 2000 years to be a free people in our land: the land of Zion and Jerusalem" from the HaTikva (the Hope) Israel's National Anthem

* The word "Zionist" is derived from the word "Zion" one of the names of Jerusalem - the land of Israel, as mentioned in the Bible. Jews have always prayed to return and rebuild the country.

* Jewish Nationhood preceded the emergence of most modern nation-states by thousands of years. Zionism is the National Liberation Movement of the Jewish People.

* Zionism has given a refuge to a people persecuted throughout their history, a people with no other place to go.

* Zionism has turned a desolate desert into a productive land - Israel can be seen from space as a tiny green island in a sea of brown.

* Zionism has taken people with no hope and no future, remnants of concentration camps, refugees fleeing persecution and enabled them to live full productive lives.

* Zionism is not colonialism - but the movement to return and re-build a state in the land from which the Jewish people never lost their connection or their claim.

* Zionism is medical research agricultural and scientific development to aid the rest of the world.

* Zionism is education, invention, training for improvement, all available for the use of other peoples.

* Zionism is freedom of religion for all, Zionism is building not destruction, love of life, not love of death.

What Israel has been able to achieve through Zionism is a modern miracle - yet it has been done by a people without the natural resources of oil and gas so readily available in many other states in the Middle East, and in which states the populations remain oppressed and disenfranchised.

Martin Luther King, Jr. in a 1968 appearance at Harvard, said: "When people criticise Zionists, they mean Jews, You are talking anti-Semitism."

Israel small country – **BIG HEART**

DESPITE ITS TINY SIZE ISRAEL.....

- ..helps tens of thousands of people in hundreds of countries, who benefit from free Israeli assistance.
- ..uses the experience gained because of the its many problems, to provide training programmes to the Third World, in desert agriculture, water management, desertification prevention, early childhood education, community development, emergency and disaster medicine, refugee absorption, employment programmes and empowerment of women.
- .. is probably the world's leading expert dealing with mass casualty situations, because of its own experience of war and terror, leading to very effective rapid response procedures in emergency situations.
- ..quickly sends search and rescue teams and field hospitals, in the aftermath of international disasters, although some countries, such as Iran, would rather have their citizens die than use Israeli assistance.
- ..in the recent Tsunami disaster, provided much needed equipment, tonnes of aid, field clinics, tents, feeding stations for thousands, medical assistance, pharmaceuticals, search and rescue teams and most sadly the expertise in identifying the dead.
- ..trains people to improve their circumstances and to make the best use of available resources.
- ..has many assistance programmes in the field of medicine,, 'sending teams throughout the developing world to treat preventable blindness and ocular disease', 'setting up trauma units, dialysis units, and nursing training, which include providing the equipment needed and the training of local doctors and staff.
- ..is rated third in the world for medical breakthroughs, and ground breaking innovations in Hi-Tec.

---0---

Israel's Save a Child's Heart (SACH) is the largest programme in the world for children from poor nations who need heart surgery and follow-up care. At no charge to its patients, SACH has treated over 4000 children from places as far apart as, for example, the Congo, China, the Palestinian Authority and Nigeria.

---0---

***Israel, a small country, with less than 1/1000th of the world's population, is an example to all. Many other countries - some with vast oil riches – do little in comparison with Israeli efforts to help the world.**

YET ISRAEL RECEIVES NO FAVOURABLE COMMENTS ABOUT ITS HUMANITARIAN AID - WHY????

PALESTINIAN JUSTICE

It seems to be safer for a Palestinian Arab to be in an Israeli prison, where they are humanely treated, even being able to study for a university degree, than to be the subject of justice at the hands of their own people.

In areas controlled by the Palestinians 110 men and women have been killed in public and 6 have died in custody during the past 5 years, 2 have been sentenced and executed all accused of collaborating with Israel.

3 Palestinians "collaborators" have just had their **death sentences** ratified by PA Chairman Mahmoud Abbas, whilst **20 more await the same fate.**

In recent months, **13 "collaborators"** have been **murdered** in the West Bank and Gaza Strip, by **Fatah gunmen.**

Over **80 Palestinian Arabs** have been **executed** accused of collaboration with Israel or of selling land to Jews often being **lynched after torture**

A mother of 7 was shot to death by the **Al Aksa brigade** after her **son of 17 was tortured** into accusing her of collaboration with Israel. **Her niece of 18** was also killed for the same reason.

A **22 year old Palestinian woman** seen walking with her fiancée and her sister was **shot, and her corpse mutilated by Hamas 'vice and virtue' gunmen.** They also **brutally beat** her **fiancée and sister**

In spite of assurances to Israel and the West that they are ready to combat the culture Of Palestinian terrorism, the PA is not executing or imprisoning terrorists who killed civilians or the planners and organisers of these actions; instead it is executing those it claims aided Israel in the war against terror.

In doing so, the Palestinian leadership sends a clear message about whose side it is on in the battle between terror and those who seek to end it.

Geneva Convention (Protocol II): relating to conflicts not of an international character the following acts are and shall remain prohibited at any time and in any place whatsoever:

- (a) *violence to the life, health and physical or mental well-being of persons, in particular murder as well as cruel treatment such as torture, mutilation or any form of corporal punishment.*

BEAUTY - DIVERSITY - TOLERANCE - HISTORY - TOURISM - BIBLE - EDUCATION

In the tiny country of Israel, one can experience sun, snow and four seas (Red, Med, Dead and Galilee) walk through sand, deserts, craters, mountains and green fields.

Watch wild flamingos, storks, vultures and migrating birds amongst other wildlife.

Go white water rafting, ride on camels, go on jeep tours in the desert, experience kibbutz life, visit ancient roman sights, biblical sights, art galleries, museums and modern buildings of architectural excellence.

The magnificent scenery from the barren Negev to the lush Golan heights can be travelled in one day.

The food and hotels compare with the best in the world and the panorama of Jerusalem must be one of the top sights of the world.....

This is ISRAEL

****Israel is the only country in the world that entered the 21st century with a net gain in its number of trees.***

**** Tel Aviv has been named a UNESCO World Heritage Site.***

**** Israel has the world's second highest amount of new books per capita.***

**** Israel has more museums per capita than any other country.***

**** Israel has the highest ratio of university degrees to the population in the world and 24% of the population holds degrees.***

**** Jewish and Arab students at Hebrew University participate in the 'Billy Crystal Workshops - Peace Through the Performing Arts' project.***

**** 'Israel uses Technology to Develop Arab-Jewish Ties.***

**** Israeli researchers are helping to identify a defective gene that causes a rare and usually fatal disease in Arab infants.***

****An Israeli company has developed the world's first touch-typing course in Arabic enabling Arab students to excel on the computer.***

**** An Israeli company developed a computerised system for ensuring proper administration of medications, removing error from treatment.***

**** Israel developed the first ingestible video camera, so small it fits inside a pill which helps doctors diagnose cancer and digestive disorders.***

**** Israeli researchers have developed a 'bone glue' that stimulates speedy bone and cartilage repair, easing healing.***

**** Researchers in Israel developed a new device that directly helps the heart pump blood, an innovation with the potential to save lives.***

- * An Israeli research team has found that the combination of electrical stimulation and chemotherapy makes cancerous metastases disappear.*
- * Israeli scientists developed the first fully computerised, no-radiation, diagnostic instrumentation for breast cancer.*
 - *An Israeli has invented an earthquake warning system*
 - * Israel produces more scientific papers per capita than any other nation by a large margin*
 - * Technology for Windows, Pentium and Centrino were designed, developed and produced in Israel,*
 - * The cell phone and Voice mail technology were developed in Israel.*
 - * On a per capita basis, Israel has the largest number of biotech startups.*
 - * Israel leads the world in the number of scientists and technicians in the workforce per capita.*
 - * Israel has the highest average living standards in the Middle East.*
 - * Israel is the only liberal democracy in the Middle East.*
 - * Immigrants come to Israel in search of democracy and economic opportunity.*
 - * There is absolute freedom of religion in Israel.*

*This Is **ISRAEL***
